

DATA SHEET SC5 OPEN AIR RANGE 32-501

Modular mailbox, measures 400 x 145 x 250 mm, with frontal setting and removal. The compartment is perfectly protected from water and fitted with an internal grille to protect the contents. Interchangeable, folding door, made of 20/10 thick aluminium in standard silver colour, or in a painted colour chosen from the RAL range. It's fitted with a 335 x 30 mm letterbox protected by an inward-opening door with spring return (outward-opening door on request). Sturdy lock with two keys with the possibility of direct insertion of Kaba and Keso cylinders; interchangeable nameplate with PVC plate suitable for engraving the name with pantograph. The peephole is not present to guarantee the greatest privacy. Frame in fireproof, non-deformable and UV-resistant plastic material.
