

DATA SHEET S-BUTLER PARCEL BOX

S-Butler parcel and letterbox, made entirely of iron grey powder coated galvanised sheet metal, dimensions 411 x 1148 x 251 mm. It is equipped with a swinging parcel insertion system to avoid undue intrusion by third persons, and with a silver aluminium letter slot. It allows the delivery of one or more parcels with a maximum volume of 400x140x330 mm and is equipped with a net shock absorbing system at the bottom.

The mailbox is available either assembled or unassembled, with a front or rear access door. It can be fixed to the ground, to a fence or recessed into a wall.
